90 For Life™

Dr. Wallach discovered that the body requires 90 essential nutrients to fully function. With these nutrients the body can avoid, and even reverse, many of today's pressing health concerns.

However, nutrients are only as good as your body's ability to absorb them. Youngevity's core "90 For Life" products, specifically designed for ideal absorption, ensure that your body has the nutrients it needs to perform at its optimum level so you feel younger, have more energy and live longer.
