EnviroMist™

Our products are ECOCERT approved (a prestigious environmental testing certification). They have been accredited in Europe and extensively used.

EnviroMist is an efficient odour control eliminator and sanitiser with antibacterial properties.

Composition:

EnviroMist is a complex mixture of ingredients: 100% natural organic essential oils (cloves, mint, eucalyptus, rosemary, savoury, thyme, cypress and pine), surfactants derived from castor oil (castor bean), and water.

Mixing and usage instructions:

EnviroMist			
Deodorises and sanitises chopping boards, food preparation areas, bathroom surfaces, high chairs, play tables, toys and play equipment and rubbish bins. Helps remove and control mould.
